

Pediatric Emergencies

Presented by:

In Iowa on average 3%-5% of all out of hospital calls are for pediatric emergencies. Are you ready to handle those calls?

Objectives: The goal of the day will be to review the skills needed to properly care for young patients and gain some new knowledge on pediatric care.

Where: Coralville Fire Station
1501 5th Street
Coralville, IA

When: Saturday December 1st, 2007

Time: 8:30am – 5:00pm

Why: To learn how to better handle pediatric emergencies

FYI: Lunch will be provided and all CEH's will be formal.

Please have a member from your organization RSVP before November 14th to Rob Archibald (319-248-1835) or Scott Nibaur (319-430-5643). An accurate count will help to insure appropriate seating and food. Please contact Rob or Scott if you have any questions.
